Unlike other games in the Grandia series, Grandia Xtreme features randomly generated dungeons.. It was back in the days of Saturn that we first saw GameArts legendary Grandia series.. After the release of Grandia II on Dreamcast and the PS2 release that followed, GameArts decided to go at the series again with Grandia Xtreme.

Making it's debut on Sega Saturn way back in 1997, the series since then has taken off and is recognized along side Final Fantasy, Dragon Quest and Chrono Trigger as an amazing franchise.. After letting your part of three together (Sgt Brandol, Teit, Lutina and Miam) players set out.. Placed in the role of a young boy named Evan, players must solve the mystery of the recent wave of natural disasters (elemental overdrives) hitting the town.
