Thanks for your understanding Nov 25, 2015 Hi, I update Office Word for Mac 2016 from 15.. 12 3 to 15 14 Now I have the problem that I got the message that Word isn't available in split screen mode of El Capitan.. It worked all well in 15 12 3 Split Screen support is available from Outlook for iOS version 4.. All email login details are sent and stored by Microsoft with all email, calendar and contact changes going through their servers.. In Windows 8/8 1, to support splitting screen, we can run desktop app with metro app, and both metro app, but both desktop app cannot do this.
